RE: Butler Snow LA PAC late fee assessments for the February 21 and October 24 elections.

Dear Ms. Horn,

We are a relatively new PAC and have experienced some confusion in following the filing schedules. We would like to take the opportunity to explain our late filings. For the late fees associated with the February 21 election we mistakenly followed the March 28 schedule. For the late fees associated with the October 24 election we simply misread the due dates on the schedule. While we acknowledge the oversights on our part we would kindly request a waiver of these late fees. Going forward we will ensure all reports are timely filed. Any waiver or reduction the Board of Ethics would grant us would very much be appreciated.

If you have any questions please feel free to reach out to Paul Pratt, our controller, at 601-985-4113.

Sincerely,

Elizabeth Clark,
Treasurer
